Monday, June 5th!

Dates

Monday, June 5th
Monday, June 12th
Monday June 19th
Monday, June 26th
Friday, June 30th – Finale!

CLP Summer Reading Program

Parents, why should you attend
with your child?

Studies show that children who do not read during the summer lose up to 2 months of reading skills! When school starts back, teachers sometimes spend up to 1 month or more re-teaching skills that students should have already learned. At CLP, we are going to help you be proactive by beginning your summer with the end in mind and it cost you \$0!

Parents and students can look forward to story time, crafts, games, computer access, makerspace activities, snacks and best of all, you get to check out 2 books each week!!

Don't forget to put first things first by
reading every day!
